IT'S VERY IMPORTANT THAT
HISTORIC CITIES ARE ALLOWED

ZAHA HADID, ARCHITECT

GDAŃSK, THE CITY OF FREEDOM

A long history, a location at the crossroads of important commercial and transportation routes, a major port and commercial tradition– all this made Gdańsk a meeting place of many cultures and nationalities. Nowadays, Gdańsk is a dynamically developing city, vibrant with life.

OF LIFE" CATEGORY IN

A large blue and orange container ship is being towed by a tugboat on the sea. The ship is loaded with colorful containers and has a white crane on its deck. The tugboat is orange and white, and it is pulling the ship with a rope. The sea is blue and the sky is blue with white clouds.

GDAŃSK POTENTIAL

Gdańsk seaport is the largest in Poland and the 2nd largest in the Baltic Sea. Still part of the economic engine in the city, Gdańsk is diversifying its market and investing heavily in infrastructure, culture, education and innovation. This growth ranked the city 4th in “The top 20 best-performing cities in Europe” (Milken Institute report 2017). All these factors are fueling the rapid growth of economy and attracting not only the business service sector but also the R&D market.
